"Lorenzo is not what you would expect to find in your own backyard. They delivered a radio-ready hit and I've played it over 150 times...It fits right in on the air; sounds great, and got immediate attention from our phones... so much that we decided to book them for our annual birthday bash known as the Toyota/WEBN fireworks with Hinder. They lit up the stage and delivered a live show that blew me away... and 'There's Nothin Left to Talk About.'"
